

BIOGRAPHY

Christina Moats,

**New Business Lead & IV&V Planning and Scoping Lead
NASA GSFC**

Ms. Moats has been in the software field for 15 years. She is currently the New Business Lead and the Planning and Scoping Lead at the NASA IV&V Facility (as well as an IV&V Project Manager, IV&V Cost Estimator, business relationship developer, and IV&V educator). Prior to this role, she was an IV&V Project Manager and analyst with Titan Systems, the prime contractor for NASA IV&V services. In previous roles, she has been a software developer (science processing algorithms, command generators, etc.), integrator and tester (large ground system with distributed data processing and archives), and a researcher (wind tunnel nozzles and Shuttle microgravity experiments). Ms. Moats has a BS in Engineering Physics from West Virginia Wesleyan College and an MBA from Regis University.
